

constant mise-en-scene of a  
terrorthreat  
concept of an enemy to establish the  
police-state  
for the crusade of the friedman-  
doctrine  
the empires march -  
destination :world domination

**the only threat that i see - is the way  
you bring about freedom  
the only threat thar i see - is the  
freedom you bring about**

as they turn the mediterranean sea  
into one big mass-grave  
they declare the idea of frontiers  
as terminated  
for them  
for their money  
their commodities  
their tanks  
their control  
to keep us from **pulling down all  
borders  
for all**

**AGGRESSION THAT NO LONGER CAN BE  
DECLARED AS DEFENSE  
IS NOW CALLED HUMANITARIAN  
INTERVENTION**

**THE WAY YOU export "human rights" in the  
rest of the world  
is the way you solve the social conflict at  
home**

**those who baTH the earth in blood  
will not meet untroubled  
humanitarian intervention - from below  
war on their terror - now**
